Home > MyMedic > Specimen Management Device > Safety Disposable Blood Lancet (23G & 28G)

**SAFETY DISPOSABLE BLOOD LANCET (23G & 28G)**

A safety blood lancet, or simply lancet, is a small medical implement used for capillary blood sampling. A blood lancet is similar to a small scalpel but with a double-edged blade or needle. Lancets are used to make punctures, such as on a finger stick, to obtain small blood specimens. Blood lancets are generally disposable.

- **Packaging:** 100 pcs per box. (Box size: 160mm (L) x 100mm (W) x 60mm (H))
